SUPPORTING STATEMENT

Please write 100 words or less on why you (or your nominee) should participate as a delegate in the Australia 2020 Summit.

Drawing upon my experience as Ride Leader in assisting hundreds of adults who have cycled with [Muggaccinos Bicycle Group](#) for over 12 years that “*regular, recreational exercise, within a Common Bond Support Group, strengthens both mind and body*”, I prepared Business Plan on CD ROM treating Australia’s 21.4m population as Human Brownfield Infrastructure which measures Economic Return on Capex expended on a *Youthful Exuberance Lifestyle Programme* aimed at enabling –

- * 75,050 new Interested Adults to commence one of 14 Recreational Exercise Activities by end 2011 and quantify the Economic Return on Capex in a 12 months Pilot; and
- * 200,000 new Interested Adults to participate in annual King of Mountain Challenge Series held in each state capital by end 2011,

thereby materially increasing Australians living a Local Healthy Lifestyle which leaves a low Carbon Footprint and reduces fiscal burden due to the Six Other Problems:

1. Obesity,
2. Depression,
3. Generation Gap,
4. Recreational Drug Abuse,
5. Increasing Aged Care Costs and Medical Cost of Baby Boomers
6. improving the QOL and aspirations of many of Australia’s 5% Disabled.

Youthful Exuberance Lifestyle Programme encourages Australians to be more responsible for their own health because available fiscal revenue will increasingly struggle to sustain Baby Boomers who are living longer.

I sent my Business Plan to “NSW Health” & “NSW Environment & Climate Change” in early Feb ’08 but would appreciate the opportunity to participate in the 2020 Summit since the 3 critical areas I have nominated above are a primary focus of my Business Plan.
